

THE CANADIAN OVERTIME PROCEDURE

If your main time flag falls:

1. Count 20 stones from the bowl.
2. Close the bowl.
3. Reset the clock to 5 minutes.
4. Play all 20 stones before the flag falls.
5. When all your stones are finished, repeat the above steps.
6. It is considered good sportsmanship to set the clock for your opponent while the stones are being counted.
7. When passing, give a stone to your opponent!

If the flag falls when you are in overtime, you lose.
